

about

I am a Software Engineering Student with a strong background in Computer Science.

I am able to apply my theoretical knowledge and unique perspective to solve practical software engineering problems in an elegant and clean way.

I strive to learn something new everyday and to always aim to bring value to my team members and clients

tech skills

• Agile

• Scrum • Leading Small Teams • Assessing Story Points • Assigning User Stories • Organizing Standups Meetings • Kanban •

• JAVA

• 4+ Years Experience • OOP • Algorithms and Data Structures •

• Python 3

• 2+ Years Daily Use for multiple task automation • Flask • Functional •

• GNU/LINUX

• 10 years Experience • System Administration • Troubleshooting • SFTP • SSH • I always RTFM ^^ •

• Others

• SQL • Azure • .NET • Jekyll • Git • Adobe Photoshop •

practical experience

RMS (Windows Desktop App)
Jan 2019 - May 2019 (completion)
San Jose, Costa Rica
Universidad Latina

Technologies used

- NET
- Azure
- SQL
- HTML
- CSS
- Jekyll
- Adobe CC

Team Leader/Backend Developer

- Implemented the Agile framework Scrum for managing the project
- Held weekly meetings with client to report development status
- Communicated with team in daily Standup Meetings
- Proactively took care of branding Designing Logo, Website and CI, exceeding the expectations of our Client

Tren CR (Mobile App)
Mar 2019 - Jun 2019 (beta)
San Jose, Costa Rica
AereStudio

Technologies used

- Android Studio
- Java
- Inkscape

Android Developer

- Quickly learned the fundamentals of the Android SDK
- Collaborated with UX/UI team to define new features
- Took ownership of projects and worked pro-actively and unsupervised

GLH Netz (Community ISP)
Mar 2018 - Nov 2018
München, Germany
ESWM e.V

Technologies used

- Linux Server
- SSH
- SFTP
- TCP

Admin / Tech Support Helpdesk

- Provided end user technical support to all users
- Setup and configured new PCs on the network
- Communicated fluently in 2 different languages (English, German) with team members and users
- Acquired Linux Troubleshooting Skills by Reading logs and Monitoring Traffic
- Migrated Files to new Server

soft skills

- Creative Problem Solving
- Cross-Cultural Communication
- Analytical Thinking
- Attention to Detail
- Learning Quickly
- Self-motivation

languages

- Spanish (native)
- English (near native)
- German (near native)

hobbies

- Electronic Music Production
- Video Editing and Filmmaking
- Cognitive Science
- Hiking
- Cooking
- Exploring the City

education

Universidad Latina de Costa Rica

(2019 - expected mid 2020)
pursuing B. in Software Engineering

- Succeeded at applying my theoretical knowledge to Software Engineering Projects.
- Quickly learned about real world methodologies and Frameworks such as "Agile" and "SCRUM" and implemented them.
- Took the role of Team Leader for several project and was able to communicate and work together with my team to deliver great results

Technische Universität München

(2014 - 2018)
completed coursework towards B.Sc in Computer Science

- Acquired deep knowledge and understanding of the fundamentals of Computer Science.
- Focused on mathematical lectures like: Theoretical CS, Discrete Probability Theory, Analysis, Discrete Structures.
- Completed practical courses like: OOP using Java, x86 Assembly, SQL Databases, UNIX, Functional Programming

Colegio Humboldt

(2001 - 2012)
graduated Costa Rican Bachillerato
graduated German allgemeine Hochschulreife

- Immersed myself in an international environment from early childhood, which allowed me to learn two languages, develop cross-cultural communication skills and an open mind to different perspectives.
- Learned how to adapt, solve problems, work efficiently and pay attention to detail
